Dear Valued Customer,

We present our compliments!

Please be informed that discussions with the Government of Liberia about the implementation of the annual Tariff adjustment for the year 2020 is still ongoing. Therefore, the previously advised implementation date of 1<sup>st</sup> March, 2020 has been put off for now.

Management will advise a new implementation date once discussions with the Government of Liberia are concluded.

Please be informed accordingly and reach out to us if you have any questions.

We appreciate your partnership and look forward to even more positive engagements for the rest of 2020 and beyond.
